SHEEP YOGURT

BELLWETHER FARMS, CALIFORNIA

We use naturally homogenized sheep milk containing no antibiotics or growth hormones to make our decadent yogurt. The highest quality milk deserves the highest quality fruit. We have sourced the best fruit from the Oregon Columbia River area; Blackberry, Blueberry, and Strawberry. Our Vanilla is flavored with a blend of Madagascar, Bourbon and Indonesian beans giving it that beautiful speck of color and richness of flavor. This delicious, naturally thick and creamy yogurt will surprise you with its clean and refreshing taste. For an added benefit, sheep milk could be the answer for those who are lactose intolerant. Enjoy for breakfast, lunch or even a snack!
